ENVIRONMENTAL HEALTH AND SANITATION UNIT

SUBMISSION OF REPORT ON EDUCATION/SENSITIZATION OF FOOD HYGIENE AND NUTRITION OF FOOD /DRINK VENDORS IN THE DISTRICT

DATE:15th June, 2022

I submit here report on education sensitization of food hygiene and nutrition of food vendors in the district for your kind consideration.

Counting on your usual cooperation.

Thank you.

Signed

GERSHON K. HIAMADEY

THE DCD/DCE
BIRIM NORTH DISTRICT ASSEMBLY
NEW ABIREM
ATTN
DISTRICT PLANING OFFICER
BIRIM NORTH DISTRICT

INTRODUCTION

Food hygiene is the conditions and measures to ensure the safety of food from productions to consumption whilst food nutrition is the process that deals with nutrients necessary for human health and maintenance of life which food includes such nutrients as well as the knowledge, skills and techniques related to cooking that make it possible to enjoy eating foods without reducing nutrients value. As part of the annual health screening of food/ drink vendors, the environmental health Officers in collaboration with Ghana health services embark on two days sensitization/education on food hygiene and nutrition in the district to promote food safety and nutrition

Location: Ntronang

Venue: Presby Church

Date: 15th June, 2022

OBJECTIVE

To prepare and provide safe food to enhance productive society

To understand the importance of product information and make inform choices to the individual and prevent contamination and growth or survival of food borne diseases.

TOPIC DISCUSSED

Consumption of fortified food

Water hygiene and sanitation

School feeding programme

Nutrition for school service
